Subject: Application for the position of "Software Developer"

Respected Sir,

In response to your job advertisement published in Naukri.com dated 5 December 2020. I would like to introduce myself to you as I believe I have the skills, qualifications, and experience necessary to make a significant contribution to your organization.

I have completed my BTech in CSE from Chaitanya Engineering College. My keen interest in Java Programming has enabled me to develop good knowledge on software development and Cloud. That enhanced my technical capacity and performance. However, I can assure you that I am a quick learner and adaptive to any technology.

I firmly believe that I can make a positive contribution to your company and I have enclosed my resume to provide more information on my skills and experience. I would welcome the opportunity to meet you for an in-depth discussion and I will make myself available at your first convenience.

Thank you for you review and consideration. I look forward to hearing from you soon.

Sincerely,

_____
